

Using pin labels above my ohm readings are:

Pin 1 to pin 3: zero ohms

Pin 1 to pin 2: zero ohms

Pin 2 to Pin 3: zero ohms

Pin 1 to High Voltage: 5780 ohms (5.78 Kohms)

Pin 2 to High Voltage: 5780 ohms (5.78 Kohms)

Pin 3 to High Voltage: 5790 ohms (5.79 Kohms)

Pins 1, 2, and 3 to bracket (ground): no continuity, infinite ohms

Note: reversing the red/black multimeter leads produced the same values as above.
